FINANCIAL

RAILROAD STOCKS LEAD THE MARKET

Tobacco Gains Strength Following the Attorney General's Opinion

New York, N. Y., Oct. 31.—Railroad stocks were in the lead in the morning trading. Business, especially in the industrial, was held in check by the uncertainty as to the character of the quarterly profits of the United States Steel corporation, to be given out after the close of the market.

Among the railers, exhibiting conspicuous firmness. The trend of prices was downward in the second hour, following resumption of the selling pressure on American Smelting, which canceled its earlier rise. American Tobacco issues were the feature of the bond market, with transactions large and on a rising scale of prices. After the 6th and improved nearly two points to 113 1/2.

Prices hardened slowly again after midday. Purchasers were indisposed to speculate in large amounts until something definite was known about the outcome of the reorganization plan of the American Tobacco company. The telephone stocks were bid up materially. American Telephone rising 1/4 and Pacific Telephone 1/8. Cotton fell one-half.

Attorney general Wickersham's statement accepting the bond plan on condition that it be modified in accordance with his proposals, resulted in active buying of the securities of the company. The 6% bonds rose to 123 1/2, a gain of 5/8 on heavy trading. The 4's advanced a point. The preferred stock rose 3/4 to 96 1/2. On U. S. curb the common stock jumped nearly 20 points. The close was strong.

Pa's Prayers. Once upon a time sickness came to the family of the poorly paid pastor of a country church. It was winter, and the pastor was in financial straits. A number of his flock decided to meet at his house and offer prayers for the speedy recovery of the sick ones and for material blessings upon the pastor's family. While one of the deacons was offering a fervent prayer for blessings upon the pastor's household there was a loud knock at the door. When the door was opened a stout farmer boy was seen wrapped up comfortably.

"What do you want, boy?" asked one of the elders.

"I've brought pa's prayers," replied the boy.

"Brought pa's prayers? What do you mean?"

"Yep, brought his prayers, an' they're out in the wagon. Just help me an' we'll get 'em in."

Investigation disclosed the fact that "pa's prayers" consisted of potatoes, flour, bacon, cornmeal, turnips, apples, warm clothing and a lot of jellies for the sick ones. The prayer meeting adjourned in short order.—Youth's Companion.

CONTRIBUTOR. Here is an article on "What Poets Have Said of the Moon." Editor—That would interest no one, but if you can give an authentic account of what the moon has said about poets during the past few thousands of years I would willingly pay double rates for it.

MARKETS

WHEAT MARKET IS BEARISH IN TONE

Corn Easy on Weather Prospects; Brisk Selling Lowers Oats

Chicago, Ill., Oct. 31.—An increase in the European visible supply today had a bearish effect here on the market for wheat. The market was 1/2 to 3/4 lower. December started at 95 1/2 to 95 3/4, a loss of 3/4 to 1/2, and fell to 95 1/2.

The close was weak with December 95 1/2, a net loss of 3/4. Corn became easier on account of prospects of fair and cooler weather. December opened 5 1/2 to 5 3/4 down, at 62 1/2 to 64, but held around 62 1/2. The close was heavy with December 15 1/2 net lower at 62 1/2.

In oats there was considerable commission house selling as a result of the decline in corn. December started a shade lower at 47 1/2 and dropped to 46 1/2.

A big run of hogs west furnished reason for a little setback in the provision pit.
